## HARVEST WALKING TRAIL

Due to issues with the COVID virus, we have changed a few of our procedures for fall activities, and some of our activities will be closed for safety reasons. Normally, we only offer hayrides to the pumpkin/activities area. We will still be offering the hayrides, but will limit to 2/3 capacity. A mask is required because there is no social distancing on the hayride. We will also be offering walking to the field via our harvest trail as an alternative so that social distancing can be maintained. When you arrive at the farm and are shown where to park, if you want to walk to the activity area just follow signs to purchase wristbands for the “harvest trail” and activity area. If you prefer to take the hayride to the field, you must purchase wristbands at the market area. The price is the same for either walking or hayride. Hayride shuttles are available from the parking areas that are farthest from the market. Wristbands are required for the hayride/harvest trail & activity area.

# COVID 19 PANDEMIC

Simmons Farm is committed to enhanced standards in an effort to keep you as healthy as possible. For the protection and safety of our workers and each other, masks are required in any buildings, on the hayrides and anywhere social distancing cannot be achieved. We have also drastically increased the amount of hand sanitizer stations so everyone may use frequently for safety. Masks are recommended per CDC.

\*Free Indian corn available while supplies last.

Please be aware that all activities are subject to availability and weather conditions. No Rain Checks. Prices are subject to change without notice. © Simmons Farm, 170 Simmons Rd, McMurray, PA 15317
